A Wild Man in the Woods.

DECATER, IND., July 9. - Mrs. Charles Bul enbaugh was working in a field two miles from Chattanooga, O., yesterday when she discovered a man approaching her who was nade, except hat and boots. As soon as she saw him she ran for an adjoining field, where there were some men at work, and gave the rainrm. The men started after his uptured him, and he ran for an adjoining woods and disappeared in the thick underbush. To-day the farmers in that region day not a whit discouraged, though he concealed his purpose of making another tool at once, and promised to report for have all stopped harvesting and are in search of the crazy man, and expect to capture him before the sun goes down to work at the stables where he is employed night. The women and children of that sec-tion are afraid to venture outside of the house while he is at large. It is supposed he has escaped from some tusane asylum.

Remarkable Raft of Logs. St. Jours, N. B., July 9. Unless legal ontanglements prevent, the most remarkable raft of logs ever put together will leave bere for New York in a few days. It is a eighr-shaped cylinder four hundred feet long, with the beam and draught of a senscription. The hotels in going vessel, and contains 3,568,000 feet of Mewnort threaten to logs. Its value here is \$35,000. It will be hauled by a regular ocean steamer, which will follow the coast pretty closely. The success of the enterprise will depend upon placed to M. Duguisch, a the weather. A storm would doubtless cause a total loss. The object is to save \$8,000 duty, sawed timber being taxed

while logs enter free. The Ice Cream Victims.

8t. Loris, July 9.—The victims of the Fourth of July ice cream poisoning are still suffering. Many rass and burned for several miles back into the wilder others are not expected to live, derness. Acres of forest lands have been deaths. I barried for several miles back into the wilder others are not expected to live. Many physicians still believe the deaths barned over besid a mile and a half of were not due to poison, but to a malignant paircad, two long treating type of cholera. It is said that sulphate of comps and 2,000,000 feet of spruce lumber, so they were summering. copper was found in a portion of the cream. The property destroyed is valued at \$65, used, and the symptonis of the patients are of corrosive poisoning.

Cholera Cases Increasing.

ROME. July 9. The cholera returns to to-day are: Erindisi, 197 new cases, 7 deaths; Latiano, 52 new cases, 32 deaths; Fontana, 47 new cases, 41 donths. Minister Grimaldi is visiting and succoring the suf

ALEXANDRIA, July 9.—Full quarantine has been ordered against all arrivals from Austri, and Italy because of the increase

of cholera in Italy.

Where Were the Police? NEW YORK, July 9.—At 10 o'clock to night woman ran through Saydam street Brooklyn, shouting "murder," and pu sped by three men. At the corner of Eliand Suydam streets she fell dead, and he pursuers escaped. The woman's left wrist was frightfully gashed. No clew to her dentity, nor to her assailants is known.

Hops Not Worth Picking. Urica, N. Y., July 9.- Reports from Montgomery County to the Herald show that the hop crop in that county will be althat it will not pay to pick the vines. They are confident that good hops will command

Forest Flames.

Almon, Pa., July 9. - Extensive forest fires are raging near this city. The burning tract comprises one thousand acres and contains five large saw mills. Noth ing has been heard from the lumbermen

A Man Missing with Money. Jackson, Mich., July 9.—Lieutenant Alex. Brown, of Company D, of this city was given \$1,000 on the 7th to pay the bills attributed to the tenement house syste incurred by the celebration of July 3, and and the hot weather.

Increased Insolvencies.

New York, July 9.- The business failures during the last seven days, reported binders convicted during the winter term by telegraph, number for the United States of the criminal court, of murdering Lou 159, for Canada 20, a total of 179, which is Johnson, a Chinese interpreter and detec above the average of the last few weeks.

A Crazy Frenchman. RUINED BY HAIL.

Grain Fields Mowed Level With the Earth.

Kankaree It... July 12—Ruin and description from Rome to the mines. The constitution of a contract with the course of Friday's storm will surrender. Pentiantinry Regier Towers telegraphed Governor McDaniel that he had a strong enough torce of gards of destruction. Commencing at a point one mile west of Chebanse, and extending two or three miles north-west, thence almost retracing its course toward the south, cost to a point between Clifton and Ashkum, the storm mowed a swath three to four miles wide, destroying every species of vegetation in its path Luxuriant fields of cornext feeling were cut close to the ground. Timothy and oats were moved down as though the harvester had passed through them, and to day scores of the calendar vegetation in the harvester had passed through them, and to day scores of phase of the malady. The people are terror stricken, and the village is being rapidly described. The stores are barred, the section's closed, and surrounding towns have virtually quarantined the place. The State Board of Health to-day made an investigation and found the malady to be a species of violent typhoid fever. Its attack produces delirium. It was introduced into the village by a Milwankee laborer named Huening, who went there sick. Receptacles used by him down as though the harvester had passed through them, and to day scores of farmers were raking up these crops which have never felt the touch of a sickle. No only are these crops cut to pieces by hail

me dollar would be a big price for the community of last senson's labors. Everwindow on the north side of the building in the track of the storm is riddle. Houses and barns were unroofed and stokilled. Adam Fritz in Pilot Township, was struck by lightning and killed. In the town of Essex Miss Kate Shannon was prostrated by a boit. She is seriously it
